Daron R. Haddock  
Permit Supervisor  
Minerals Regulatory Program

Dear Sir:

This letter is written in response to your letter dated August 17 of this year concerning reclamation maps.

As of date, Redmond Minerals reclamation maps have not changed since the last submittal, therefore, we consider the maps in your possession to be an accurate representation of the reclamation areas in question. I hope this addresses the requirements for your five year review as stated in your letter.

Please let me know if I can be of further assistance.

Sincerely,

A handwritten signature in dark ink, appearing to read 'P. Ogden', is written over a horizontal line.

Peter Ogden  
Plant Engineer
